RULES FOR USING THE PRICE LIST

The fee for the shipment shall be charged for the volumetric weight (1 m3 = 333 kg) or actual weight – whichever is greater.

Shipment longer than 2.4 m shall be referred to as a long shipment.

If shipment length is within the range of 2.41 m to 4.0 m, the following conversion ratio shall be used: 1m = 300 kg
maximum shipment length: 4.0 m

Shipment requiring separate cargo space:

1 m of required length of vehicle floor (in the full height and width of the cargo space) = 1650 kg

Fuel surcharge and road surcharge shall be added to the rates. Information about the way the fuel surcharge and road surcharge are determined can be found at: www.pekaes.pl

The indicated rates are net prices, and they should be increased by the relevant VAT in accordance with the VAT Act.
