Due to significant enlargement of range of roads included in electronic toll collection in Poland, PEKAES adjusts rate of pay with the 10th of July 2017.

We kindly inform that in case of increase of payment rate or increase in number of parts of the roads included in this payment by the law or opening of new parts of the franchised roads on which payment will be implemented, PEKAES Sp.z o.o. reserves right to further changes in supplementary payment. In case of further changes we will inform with the adequate anticipation.
